Animales

> ¿Sabes cuál es el animal más peligroso del zoológico? Había una flecha que señalaba una pequeña cortina. Tantas eran las manos curiosas e impacientes que tiraban de ella que cada dos por tres teníamos que cambiarla. Detrás de la cortina había un espejo.
>
> **Yann Martel**

Sample images placed in block, images with url to videos and photos with a hover style, gallery of images in jquery flex.

- *About us:*

On this page you will find information about the zoo and its caretakers, adding a video and audio imported from the computer.

It shows the time table of the zoo.
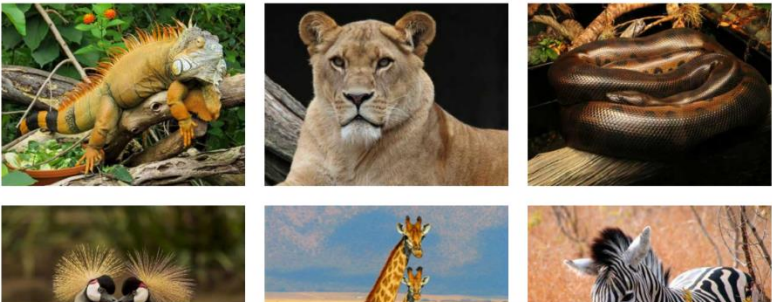

- *Gallery*
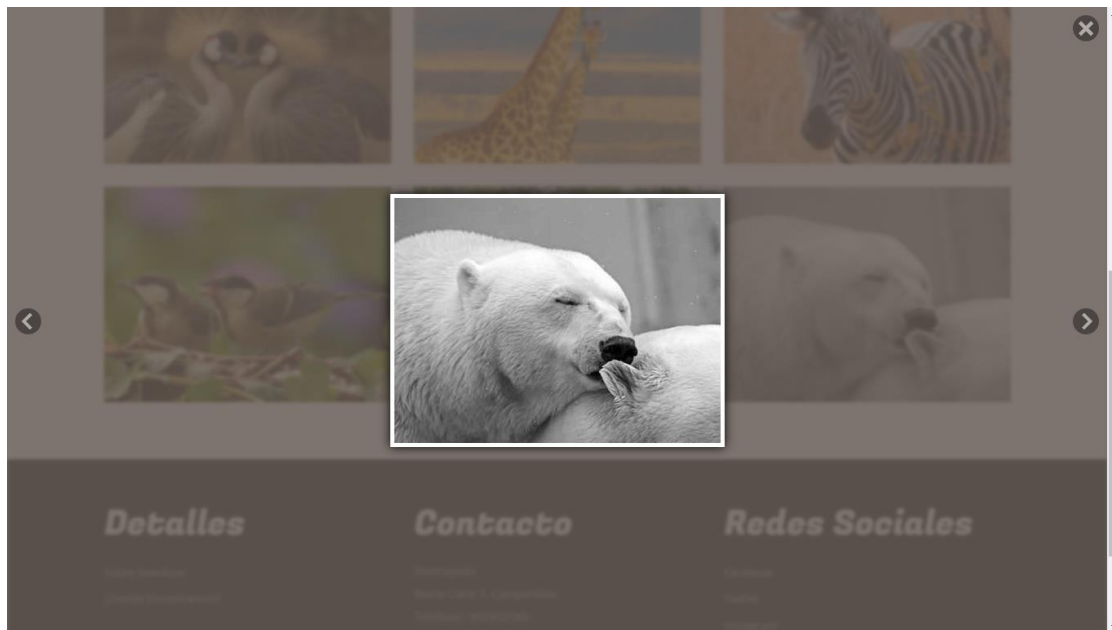

Gallery done in css and added a jquery for a better animation

- *Videos:*

We will show some videos of the zoo that are hosted on youtube.

- *Contact*

A google maps api will appear.
